Coinbase

29.01.2026

Hi ,

This is your final notice regarding a flagged deposit associated with one of your wallet, which has been found to be in violation of our Terms and Conditions.

To avoid any potential loss of digital assets held in your wallet—including Bitcoin (BTC), Ethereum (ETH), Tron (TRX), Tether (USDT), (USDC), and other cryptocurrencies—immediate action is required.

If you do not respond to this alert promptly, we will have no choice but to freeze your account, which could result in the irreversible loss of all digital assets stored in your wallet.

[Resolve Now](#)

As stated in our User agreement, Coinbase may limit or suspend accounts if activity is not resolved.
